OVERVIEW:

The crucial role of the private sector in global efforts to address climate change, achieve the UN Sustainable Development Goals (SDGs), and eliminate poverty, particularly in fragile and conflict-affected states, will be a key focus of the 2018 Transformational Business Awards.

Special attention will continue to be given to products and services that harness disruptive technologies and business solutions to increase impact and efficiencies. The use of blended finance, combining different sources of capital to ensure scale, will also be highlighted.

This unique global programme, now in its fifth year, is open to all financial and non-financial private sector organisations. The 2017 Awards attracted 148 entries from 152 organisations, involving projects in more than 84 countries.

AWARDS CATEGORIES:

The Awards will recognise, showcase and reward innovation, impact, replicability, financial viability and sustainability on a transactional basis across the following categories:

- Achievement in Transformational Infrastructure
- Achievement in Transformational Finance
- Achievement in Sustainable Development, with a focus on
  - Food, Water and Land
  - Health, Wellness and Disease Prevention
  - Education, Knowledge and Skills
- Overall Award: Excellence in Disruptive Technologies
- Overall Award: Excellence in Climate Solutions
- Overall Award: Excellence in Transformational Business

The winners in each category will be announced at a special dinner in London on 6 June 2018. The dinner will be preceded by the FT/IFC Transformational Business Conference, a major gathering of thought leaders who will explore and debate the issues generated by the Awards.

Highlight your organisation’s contribution to helping to solve some of the key challenges affecting developing economies.
